

Experiential Learning Grant Application

In an effort to encourage more students to participate in experiential learning, the university administration has provided funds to the Economics Department to assist students who would not be able to have these experiences without funding outside of their own resources. This grant is to be used for study abroad, mentored research, or field study to assist with any expenses related to living expenses, travel, tuition, etc.

Eligibility

To be eligible for these awards, you must meet the following requirements:

1. Be a declared economics major.
2. Secured (or currently are applying for) an experience that will support your academic and career goals.

Students who qualify may be eligible for one grant per semester.

Application Procedure

Handwritten applications will not be accepted. Download the file and use Adobe Acrobat to fill out the application. Completed applications should be signed and returned to the Economics Office, 2146 WVB, or emailed to economics@byu.edu, two months before the start of the term/semester you will begin your experience.

You must attach an official transcript to this application.

If the application is not filled out completely, your request will be denied.

Award Process

All applicants are notified whether or not they will receive a grant. Funds are credited to the student's account with Brigham Young University at the beginning of the semester/term that he or she is completing an experience. If awarded a grant and you do not secure the experience you applied for the funds, the grant will be rescinded.

Contact the Economics Department Office at economics@byu.edu or 801-422-2859 if you have questions.
